The Washington Military Department is now recruiting for Cadre Team Members for the emerging Washington Youth Academy in Bremerton, Washington. These positions will each report to a Cadre Team Leader. Cadre Team Members are responsible for providing a highly-regimented structure, discipline, and training to the student cadet corps on a 24/7 basis. Cadre team members must be available for all days and shifts.

## **Today's ChalleNGe...Tomorrow's Success**

The Department is filling positions at both the YARS 1-2 levels. Employees hired at the YARS 1 level will be required to complete a 12 month in-training program. Upon successful completion of the program, employees will be advanced to the YARS 2 level.

### **ABOUT THE PROGRAM**

The Washington Youth Academy (WYA) is part of the National Guard Youth Challenge Program. Established under authority of both federal and state law, the WYA will be a state-run residential and post-residential program for 16-19 year olds who have dropped out of high school or are at risk of not graduating from high school.

The goal of the program is to give these youth a second chance to become responsible and productive citizens by helping them improve their life skills, education levels, and employment potential. The program is voluntary. Students will attend a 22-week residential academy with a 12-month post-residential mentoring period.

Core components of the program consist of citizenship, preparation for the GED or high school completion, work skills, community involvements and projects, health, hygiene, skills, training, leadership, fellowship, and physical fitness. The critical work ethic portion of the program teaches cadets to accept work assignments which vary in scope and length. These assignments are designed to foster initiative, flexibility, creativity, and leadership.

The Military Department will partner with other state and local agencies, the Bremerton School District, and community organizations in leveraging available state and federal resources. The Washington Youth Academy is not intended or designed to be a military academy, however, it incorporates a highly structured military format, with an emphasis on student discipline and personal responsibility to provide a positive, safe, and secure learning environment. The first class is scheduled for January 2009.

You can learn more about the Youth Challenge Program at the national website—[www.ngycp.org](http://www.ngycp.org). To learn more about the Washington Military Department visit [www@mil.wa.gov](http://www@mil.wa.gov).
